# Independent Auditor's Report

To the Members of Family Service Toronto

We have audited the accompanying financial statements of Family Service Toronto ("FST"), which comprise the statement of financial position as at March 31, 2018, the statements of operations, changes in fund balances and cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of FST as at March 31, 2018 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

# 1. Purpose of the Organization

Family Service Toronto ("FST") strengthens individuals, families and communities through counselling, education, social action, advocacy and community development and works with partners to build a vibrant community social services sector. FST helps people face a wide variety of life challenges. For over 100 years, FST has been assisting families and individuals through counselling, community development, advocacy and public education programs. Services are available to everyone who lives or works in Toronto. FST is incorporated under the Ontario Corporations Act as a not-for-profit organization and is a registered charity under the Income Tax Act.

# 2. Significant accounting policies

These financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations using the deferral method of reporting contributions.

#### Financial instruments

Financial assets and financial liabilities are initially recognized at fair value when FST becomes a party to the contractual provisions of the financial instrument. Subsequently, all financial instruments are measured at amortized cost, except for investments traded in an active market which are measured at fair value. Any subsequent changes in fair value are recorded in the Statement of operations.

Fair value is determined directly from published price quotations in an active market. Transaction costs are expensed when incurred.

Financial assets measured at amortized cost are assessed at each reporting date for indication of impairment. If such impairment exists, the asset is written down and the resulting impairment loss is recognized in the Statement of operations.

#### Fund accounting

Revenues and expenses related to program delivery and administrative activities are reported in the General Fund.

Assets, liabilities, revenues and expenses relating to FST's current and future capital and special purpose requirements, as approved by the Board, are reflected in the Capital and Learning Fund.

Endowment contributions are reported in the Endowment Fund. All investment income earned on resources of the Endowment Fund have restrictions imposed by the contributors of the funds, and are reported as deferred contributions in the Endowment Fund.

The Capital and Learning Fund is to support initiatives with breakthrough thinking in responding creatively and effectively to emerging community needs and to provide sufficient funds for required capital additions and significant repairs to property. The Board of Directors may approve other uses on an exceptional basis.

## Revenue recognition

FST follows the deferral method of accounting for contributions.

Restricted contributions and donations are recognized as revenue of the appropriate fund in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue of the appropriate fund when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Endowment contributions are recognized as direct increases in the Endowment Fund Balance. Investment income earned on endowed funds is restricted.

## 2. Significant accounting policies (continued)

#### Revenue recognition (continued)

Restricted investment income is recognized as revenue of the appropriate fund in the year in which the related expenses are incurred. Unrestricted investment income is recognized as revenue in the General Fund when earned.

Investment income earned from the Capital and Learning Fund during the fiscal year with respect to the purchase of capital assets is deferred and recognized as revenue in the year in which the related amortization expense is recognized.

#### Capital assets and deferred capital contributions

Purchased capital assets are recorded in the Capital and Learning Fund at cost. Contributed capital assets are recorded in the Capital and Learning Fund at fair value at the date of contribution. Amortization is provided on the straight-line basis over the assets' estimated useful lives, which for buildings is 40 years, for furniture and equipment and vehicles is five years, for computers is three years, for computer software is four years and for leasehold improvements is the term of the lease. Amortization is calculated once the capital asset is operational. Amortization expense is reported in the Capital and Learning Fund. When grants are received to pay for specific asset purchases, the grants are recorded as deferred capital contributions and are recognized in the Capital and Learning Fund as revenue over the estimated useful life of the asset.

#### Cash

Cash includes cash and short-term investments with maturities of three months or less from the date of acquisition.

#### Contributed services

During the year, volunteers contributed 3,112 (2,988 in 2017) hours to assist FST in carrying out its activities. Because of the difficulty of determining their fair value, contributed services are not recognized in the financial statements.

#### Investment in joint venture

FST has elected to record its investments in joint ventures using the equity method.

Under the equity method, the investment is initially recorded at cost and the carrying value is adjusted thereafter to include FST's pro rata share of post-acquisition income or loss. The amount of the pro rata share of income or loss is included in the determination of the excess (deficiency) of revenue over expenses by FST, and the investment account of the joint venture is increased or decreased. The investment account of the joint venture is also increased or decreased to reflect its share of capital transactions and the effect of any changes in accounting policies.

FST recognizes an impairment loss, if any, in the excess (deficiency) of revenue over expenses when it determines that there is an indicator of impairment and a significant adverse change has occurred during the period in the expected timing or amount of future cash flows from the joint venture The impairment loss is measured as the excess of the carrying amount of the investment over the higher of the present value of future cash flows expected to be generated by holding the investment, and the amount that could be realized by selling the asset at the Statement of financial position date. When the extent of impairment of a previously writtendown asset decreases and the decrease can be related to an event occurring after the impairment was recognized, the previously recognized impairment loss is reversed in the excess (deficiency) of revenue over expenses in the period the reversal occurs.

## 2. Significant accounting policies (continued)

#### Deferred lease inducements

Deferred lease inducements which consist of free rent and reimbursement of leasehold improvements, are amortized on the straight line basis over the term of the lease.

#### Use of estimates

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the statement of financial position date and the reported amounts of revenues and expenses for the year then ended. Future actual results may differ from such estimates. Balances which require some degree of estimation and assumptions are investments, accrued liabilities, deferred contributions, deferred capital contributions and amortization of capital assets.

#### 3. Investments and financial risk management

FST's performance is subject to a number of risks which are managed using a number of tools and techniques. Details of these risks are provided below:

#### Interest rate risk

Interest rate risk refers to the consequences of interest rate changes on the value of FST's investments. Interest changes directly impact the fair value of fixed income securities held by FST. Interest rate changes will also have an indirect impact on the remaining assets of FST. Due to the nature of the operations of FST and related cash flows, asset mix decisions include consideration of differences in the interest rate sensitivity to FST's assets and liabilities.

#### Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. FST's Statement of Investment Policy, which is reviewed annually, defines permitted investments and provides guidelines and restrictions on acceptable investments, which minimize credit risk.

The maximum credit exposure of FST is represented by the fair value of the investments as presented on the Statement of financial position.

#### Market risk

Market risk is the risk that the value of an investment will fluctuate as a result of changes in market conditions, whether those changes are specific to an individual investment or factors affecting all securities traded in the market.

To mitigate the impact of market risk, FST invests in a diversified portfolio of investments, based on Board approved policies.

# 3. Investments and financial risk management (continued)

Market risk (continued)

The table below summarizes the market value and the cost of the investments:

		2018		2017
	Cost	Fair value	Cost	Fair value
	\$	\$	\$	\$
Mutual funds				
Cash	1,398	1,398	6,040	6,040
Bond fund	791,536	774,984	754,203	747,597
Canadian equity fund	203,229	253,463	207,225	275,224
	996,163	1,029,845	967,468	1,028,861

Total interest earned on endowment funds for the year was \$21,536 (\$30,099 in 2017) which was recognized as a deferred contribution in the Endowment Fund (Note 11).

# 4. Net investment in joint venture

During 2016, FST entered into a joint venture for a 15% interest in a property located at 128 Sterling Road, Toronto, Ontario.

The net investment in the joint venture consists of:

	2018	2017
	\$	\$
Opening balance Less	2,315,715	2,520,953
Distributions from joint venture	(78,750)	(67,502)
Share of loss of the joint venture for the year	(119,451)	(137,736)
	2,117,514	2,315,715

The difference between the \$2,117,514 above (\$2,315,715 in 2017) and Co-owners' equity amount of \$1,911,314 below (\$2,109,515 in 2017) represents lease inducements provided by the Vendor.

FST accounts for its interest in the joint venture using the equity method. Summarized financial information of the joint venture is set out below:

#### Financial position

	2018	2017
	\$	\$
Total assets	3,531,694	3,772,818
		_
Total liabilities	1,620,380	1,663,303
Co-owners' equity	1,911,314	2,109,515
	3,531,694	3,772,818

# 4. Net investment in joint venture (continued)

Results of operations

	2018	2017
	\$	\$
Total revenue	284,657	234,943
Total expenses	404,108	372,679
Net loss for the year	(119,451)	(137,736)

Cash flows

	2018	2017
	\$	\$
Cash provided by operating activities Cash provided by financing activities Cash used in investing activities	101,399 (40,082) (101,299)	89,842 (35,323) (87,884)
(Decrease) increase in cash	(39,982)	(33,365)

#### Related party transactions

During the year, an amount of \$452,936 (\$417,940 in 2017) for rent expense was paid to the joint venture.

#### 5. Grants and accounts receivable - General Fund

	2018	2017
	\$	\$
Canada Revenue Agency (Harmonized Sales Tax receivable)	348,385	224,629

5,867,930	2,874,333	2,993,597	1,362,086

During 2016, FST completed the sale of the 355 Church Street Property for proceeds of \$13,430,301 resulting in a gain on sale of \$12,269,584. The proceeds were satisfied by the receipt of cash of \$1,000,000 and a vendor take back mortgage of \$12,430,301 (Note 8).

During the year, FST began the development of the PassportONE system which will administer financial transactions for invoicing and payments for all Passport clients and agencies across the province. As at March 31, 2018 the PassportONE system is identified as work in progress. The system went live on May 7, 2018.

## 7. Deferred property development costs

355 Church Street property development project

In 2008, the Board of Directors (the "Board") agreed to proceed with a strategy to develop its property located at 355 Church Street, Toronto, ON, into new office space for FST and residential condominiums. In October 2010, the Board approved the expenses for the property development project to be taken from the Capital and Learning Fund, as needed, with the understanding that the expenses will be repaid from the proceeds of the property development project with appropriate interest so that the Fund is not eroded.

FST signed a purchase and sale agreement on October 20, 2011 (with subsequent amendments) for the development of the project, which commenced during 2016.

Amounts capitalized to the project are as follows:

	\$
Up to 2011	144,067
2012	92,125
2013	26,385
2014	8,766
2015	41,040
2016	(16,851)
2018	171,294
	466,826

In addition to the above \$466,826, \$30,044 was expensed in 2011, and interest of \$40,158 was charged, resulting in project cost to date of \$537,028.

#### 8. Mortgage receivable

During 2016, FST entered into a vendor take back mortgage in the amount of \$12,430,301 which will be used in the purchase of the new condominium unit at 355 Church Street, Toronto, Ontario. The mortgage is carried at face value in the Statement of financial position and is interest free without a maturity date. It does not require monthly principal or interest payments and is unsecured.

#### 9. Government remittances

The amounts outstanding with respect to government remittances as at March 31, 2018, were \$51,557 (\$25,382 in 2017). These amounts are included in accounts payable and accrued charges.

# 10. Family Service Toronto Employee Assistance Program ("FSEAP") and Integrated Workplace Solutions ("IWS") write off of losses

\$

2016 – FSEAP	1,699,662
2017 – FSEAP	38,951
2018 – IWS	29,923
	1,768,536

The Board approved management's recommendation to wind down FSEAP at its meeting on September 16, 2015, due to its continuing financial instability. Subsequently, FSEAP gave notice to its customers and transferred some of its business to other FSEAP partners. FSEAP officially closed its operations on December 31, 2015. During the current fiscal year, the IWS loss of \$29,923 has been written off through the Capital and Learning Fund, resulting in a total loss to date of \$1,768,536.

#### 11. Deferred contributions and deferred capital contributions

#### (a) Deferred contributions

General Fund

Deferred contributions reported in the General Fund relate to restricted operating funding received in the current and prior years that are to be used in a subsequent year. For example, grants received for work to be completed in the next fiscal year and unspent contributions which have externally imposed restrictions are included in this category.

# 11. Deferred contributions and deferred capital contributions (continued)

#### (a) Deferred contributions (continued)

General Fund (continued)

The breakdown by source of revenue is as follows:

	2018	2017
	\$	\$
Province of Ontario	66,982	48,905
Special purpose contributions	56,767	56,767
City of Toronto	42,526	_
Government of Canada	23,769	_
Other agencies	22,595	45,407
Foundations	1,737	_
Deferred interest and special purpose contributions	_	101,999
	214,376	253,078

#### **Endowment Funds**

Deferred contributions reported in the Endowment Fund represent unspent restricted investment income net of investment management fees earned on the various endowment funds.

	2018	2017
	\$	\$
Beginning balance	267,963	265,459
Interest earned for the year (Note 3)	21,536	30,099
Realized gain on sale of investment	7,814	2,405
Interest recognized from prior years	_	(30,000)
Ending balance	297,313	267,963

#### (b) Deferred capital contributions

#### Capital and Learning Fund

Deferred capital contributions reported in the Capital and Learning Fund consist of the restricted contributions with which some of FST's leasehold improvements, computers, computer software and furniture and equipment were originally purchased.

The changes for the year in the deferred capital contributions balance reported in the Capital and Learning Fund are as follows:

	2018	2017
	\$	\$
Beginning balance	381,995	590,087
Additions		
Grants received	1,997,744	92,909
Amounts amortized to revenue	(243,889)	(301,001)
Ending balance	2,135,850	381,995

# 12. Externally restricted fund balances

Major categories of externally imposed restrictions on fund balances are as follows:

Hindmarsh endowment fund Other endowment funds Unrealized investment gain

2018	2017
\$	\$
500,100	500,100
158,904	158,904
33,683	61,394
692,687	720,398

The Hindmarsh Endowment Fund was provided in 1984 by the Atkinson Charitable Foundation to provide income for utilities, repairs and maintenance costs of the Family Life Centre located in Bolton, Ontario, a program which FST no longer operates. By agreement with the Foundation, there has been no impairment to the capital portion of the Endowment Fund, and the purpose of the interest of the Endowment Fund has been varied. The Endowment Fund interest, together with an operating grant from the Foundation, will be used towards Social Reform activities.

All of the endowment funds have restrictions on the use of the interest earned by the capital in the fund. The interest earned but not yet spent to March 31, 2018 is reported as deferred contributions in the Endowment Fund (Note 11).

## 13. Internally restricted and invested in capital assets fund balances

The Board of Directors has internally restricted \$1,580,184 (\$1,907,618 in 2017) to be used for capital and learning requirements.

The Invested in capital assets fund consist of the following:

Net book value of capital assets (Note 6)
Less
Deferred capital contributions (Note 11b)
Deferred lease inducement (Note 16)

2018	2017
\$	\$
2,993,597	1,362,086
(2,135,850)	(381,995)
(421,273)	(476,825)
436,474	503,266

The balance of \$436,474 (\$503,266 in 2017) represents unfunded leasehold improvements at the 128 Sterling Road property that will be recovered from future program funding.

# 14. Revenue - government

General Fund

	2018	2017

# 15. Pension plan

The employer pension expense for the defined contributions plan amounted to \$61,596 (\$59,679 in 2017).

#### 16. Deferred lease inducements

General Fund

Total rent payable is calculated over the term of the lease and straight-lined, resulting in a long-term liability. The total long-term liability of \$247,369 (\$201,325 in 2017) includes free rent.

# 16. Deferred lease inducements (continued)

Capital and Learning Fund

During the prior year, FST was reimbursed by the landlord for leasehold improvements made to the leased space. The changes in deferred lease inducements are as follows:

Balance, beginning of the year
Amortization
Balance, end of year
Current portion
Long-term portion

2018	2017			
\$	\$			
476,825	532,377

421,273	476,825			

# 17. Contracts with Ministry of Community and Social Services that are in surplus or deficit positions

FST has a Service Contract/CFST Approval with the Ministry of Community and Social Services. A reconciliation report summarizes by service (detail code), all revenues and expenses and identifies any resulting surplus or deficit that relates to the Service Contract/CFSA Approval.

A review of these reports shows the following services to be in a surplus/(deficit) position as at March 31, 2018. A summary of the contract is as follows:

#### 21. Additional disclosures

FST is covered under the Broader Public Sector Accountability Act and Public Sector Salary Disclosure Act. Salaries of affected personnel are reported to the Ontario Government.

#### 22. Commitments

Leases

FST has operating lease commitments for premises and equipment up to 2026. The minimum annual payments are as follows:

Φ

	Ψ
2019	676,615
2020	567,452
2021	448,126
2022	456,790
2023	460,019
Thereafter	1,183,509
	3,792,511

# 23. Contingencies and guarantees

In the normal course of business, FST enters into agreements that meet the definition of a guarantee. FST's primary guarantees are as follows:

- (a) Indemnity has been provided to all directors and officers of FST for various items including, but not limited to, all costs to settle suits or actions due to their involvement with FST, subject to certain restriction. FST has purchased directors' and officers' liability insurance to mitigate the cost of any potential future suits or actions. The term of the indemnification is not explicitly defined, but is limited to the period over which the indemnified party served as a director or officer of FST. The maximum amount of any potential future payment cannot be reasonably estimated.
- (b) In the normal course of business, FST has entered into agreements that include indemnities in favour of third parties, such as purchase and sale agreements, confidentiality agreements, engagement letters with advisors and consultants, outsourcing agreements, leasing contracts, information technology agreements and service agreements. These indemnification agreements may require FST to compensate counterparties for losses incurred by the counterparties as a result of breaches in representation and regulations or as a result of litigation claims or statutory sanctions that may be suffered by the counterparty as a consequence of the transaction

The terms of these indemnities are not explicitly defined and the maximum amount of any potential reimbursement cannot be reasonably estimated.

The nature of these indemnification agreements prevents FST from making a reasonable estimate of the maximum exposure due to the difficulties in assessing the amount of liability which stems from the unpredictability of future events and the unlimited coverage offered to counterparties. Historically, FST has not made any significant payments under such or similar indemnification agreements and therefore no amount has been accrued in the balance sheet with respect to these agreements.

FST has a grievance that is in abeyance as of March 31, 2018. Since the amount and the outcome of this grievance is not determinable at this time, no provision has been made in the financial statements. Any settlement will be recognized in the period when the amount is known.

#### **Family Service Toronto**

Notes to the financial statements

March 31, 2018

#### 24. Line of credit

FST has an available line of credit of \$200,000 with a Canadian chartered financial institution of which \$Nil has been drawn as at March 31, 2018 and 2017. Interest is payable at the bank's prime rate plus 1.5% (the bank's prime rate plus 1.5% in 2017).

# 25. Subsequent event

FST won the expression of interest issued by Ministry of Community and Social Services ("MCSS") to become the consolidated payment agency (now called PassportONE) for the province-wide Passport program in September 2017. PassportONE will go live in phases starting in May 2018 through to March 2019.

The Passport program supports adults with a developmental disability to participate in their communities and helps caregivers take a break from their caregiving responsibilities. It provides direct funding for clients to purchase the services they need. Clients submit their claims or invoices for reimbursement. The reimbursement process is currently being managed by 11 Passport Agencies across the province.

PassportONE will administer all financial transactions for invoicing and payments going forward. The 11 Passport Agencies will continue to support Passport clients to use their funds.
