

Q4 Service, Financial and Risk Report

May 21, 2025

Open Hearts, Healthy Minds, Strong Communities

We want compassionate hearts that are open to the many different needs and experiences of Toronto's residents.

We want minds that are healthy and that can thrive despite past traumas and adversity.

We want communities that are strong because their members are connected, active and resilient.

We want individuals and families in Toronto to have greater stability and resilience in more just and supportive communities.

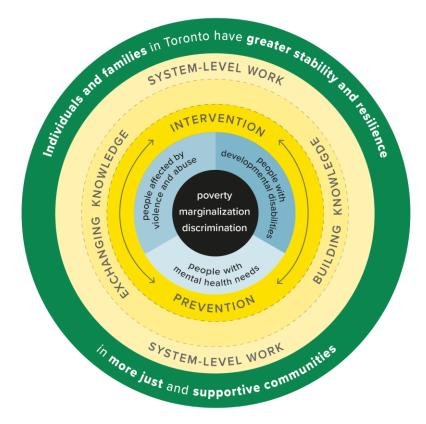

To achieve this vision, FST will pursue a new series of strategic directions that build on our strengths:

- Our theory of change provides an integrated way of understanding the organization's activities and focus on the underlying forces of poverty, marginalization and discrimination that FST works to alleviate.
- Our three core service areas mental health, family violence and developmental disabilities — remain exceptionally relevant and will remain the focus of our work.
- Our commitment to research and advocacy provides the organization with a distinctive public policy capacity that contributes to systemic change.

Over the next five years, FST will pursue four strategic directions:

- 1. Significantly increase access to counselling and mental health services across Toronto.
- 2. Significantly reduce systemic barriers for women seeking justice and healing and increase community supports for families impacted by violence including those who use violence.
- Deliver on the Passport 'promise' to enhance the quality of life for people with developmental disabilities and their caregivers, and lead the evolution of individualized account services within developmental services and beyond.
- 4. Become an indispensable source for applied research and social action that strengthens the community sector and helps us to understand and impact the root causes of poverty, discrimination and marginalization.

Theory of Change

Foundational Strategies

We know that our ability to achieve our strategic directions depends on our ability to build strong foundations that support this work. Over the next five years, every FST team member will play a part in helping us to strengthen these foundations and deliver these commitments.

People	Culture	Systems	Funding	Community
We will cultivate the skills that allow each of us to be more agile and adaptive	We will reward innovation that responds to the needs of our communities	We will invest in our HR systems and supports	We will aggressively pursue opportunities that allow us to diversify and increase our revenues	We will ensure that a community development ethos is at the heart of our services
We will support professional development and personal growth	We will strengthen our ability to collaborate to achieve our shared goals	We will invest in our business platforms to create more efficient and intuitive systems	We will manage our assets to support and expand our services	We will work to engage our service users and communities to ensure that our services are responsive and appropriate
We will hold one another accountable for our mission, impact and actions	We will stand up as a leader in the community sector to better support our partners and beneficiaries	We will implement metrics that allow us to better evaluate our impact and improve our services	We will introduce new social enterprise models that help to expand our service offering	We will support individuals and communities to take action on the issues that matter to them

Section A: Business Planning Framework

Five Year Strategic Plan

The keystone business planning document that guides all activity/decision making at FST is the Strategic Plan. FST uses a 5-year time frame for the achievement of the goals set out by the plan. Typically, the development of a new strategic plan is initiated in the early fall and concludes with Board consideration in late spring.

Open Hearts, Healthy Minds, Strong Communities (strategic plan 2021-26) was initiated in the fall of 2019 and was approved by the Board in May 2020.

Operational Plans

Annual operating plans are developed guided by the service vision, goals and actions provided by the priorities set out in the Strategic Plan. Operational plans are approved by the Board (along with the annual budget) and progress against the plans and budget are reported to the Board on a quarterly basis.

Management Performance Plans (new)

Individual management performance plans are developed annually based on the Operational Plan. Management performance is measured based on the annual objectives noted in the performance planners.

Strategic Plan Progress Report (new)

The Board received the first Strategic Plan Progress Report May 2023. The Progress Report will be updated annually and form a component of the annual Operational Plan submitted for Board approval. This fills a data gap and will allow the Board to review a proposed operational plan against the strategic plan and progress to date.

The 2021-26 Strategic Plan (the Plan) makes 15 commitments in five key areas: Strengthening the FST Team, Expanding Community Counselling and Mental Health Services, Reducing Gender-Based Violence, Enhancing Developmental Disability Services, and Developing a Public Policy Capability. The Plan also contains 15 commitments in five foundational areas: People, Culture, Systems, Funding, and Community.

Section B: Operational Plan

1. Strengthening the FST Team

1. Strengthening the			
Commitments	2024/25 Objectives	What We Did in 24-25 Q4	Results
Work more collaboratively towards shared goals.		Held a clinical day for all CSP staff, focused on case consultations, clinical learning and networking.	34 staff members attended.
Executive Director Senior Director, People and Culture		The SCSS team provided education on elder abuse. Case consultations on complex clinical situations involving intersections of trauma, stigmatization and navigating substance use.	
Strengthen Internal Communication. Executive Director Senior Director, People and Culture	Specific: Implement a comprehensive strategy to enhance internal communication between staff and leadership, active participation and collaboration among staff members focusing on increased use of the enhanced intranet. Measurable: Increase staff engagement scores on communication measures by 15% based on surveys or feedback mechanisms and achieve a 70% participation rate on FST Intranet.	Posted 11 Staff Updates to PULSE (intranet) to recognize staff achievements, cultural and organizational events and promote cross-department communication and activities. Regular PULSE posts to People and Culture, Health and Wellness,	Q4 views of the weekly Staff Update totalled 1,706 for the quarter resulting in an average 155 staff (78 per cent) viewing the Update on a weekly basis. Total likes were 137 with an average of 13 per cent of staff adding a like every week in addition to positive
	Achievable: Conduct training sessions to enhance communication skills and establish a	Bulletin Board and Team Updates also contributed to cross-	comments.

	system for recognizing and appreciating	departmental engagement and

3. Reducing Gender	-Based Violence	Seniors narrative group offered for Spanish speaking seniors, as a joint program between SCSS and Community Engagement.	9 discrete clients attended.
Commitments	2024/25 Objectives	What We Did in 24-25 Q4	Results
Challenge the system status quo. Chief Operating Officer			
Engage with men. Chief Operating Officer	Specific: Utilise internal and external expertise and resources to develop/adopt educational resources and recruitment strategies targeting men to reduce incidence of gender-based violence. Measurable: Implement evidence based, best practise resources and evaluation tools for services targeting males in the 2024/2025 fiscal year Achievable: Internal experts to collaborate with partners and those with lived experience to develop programming and align with Strategic Plan. Relevant: Align program goals with provincial/federal/municipal strategies to reduce gender-based violence.	Men's wellness group began in Q4. Within the Community Engagement program, several of the communities, with a focus on GBV. These communities include are Nigerian and Afghan. The Spanish speaking and Afghan Seniors group (SALC) have integrated men and women into the same group, to further expand opportunities to integrate learning.	

	Time Limited : Minimum 1 pilot groups for men happening in Sept 2024 with evaluations completed for March 2025 and shared learnings.	
Strengthen engagement with women's shelters. Chief Operating Officer		

4. Enhancing Developmental Disability Services

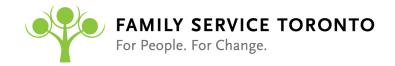

Commitments	2024/25 Objectives	What We Did in 24-25 Q4	Results
Refine the Passport Model. Executive Director Chief Administrative Officer		Carrying on the work started in Q3, PassportONE has been actively collaborating with Community Living Toronto to improve the quality of web submissions and discuss potential improvements in MyDirectPlan (MDP) system and P1 platform. Under the case management program stream (options children): Increased 1:1 service navigation offerings to 1 day per week for clients not registered in program	Development addresses pain points, reduces the workload of Passport Agencies, and improve efficiency by ensuring more complete claim submissions. • Expansion of service offerings resulted in over achieving program targets

Strengthen accountabilities within the program. Executive Director Chief Administrative Officer	Specific: In the capacity of OPAN chair, lead the development and submission of a comprehensive 2024/25 budget for OPAN and its 11 Passport agencies, including FST. Measurable: Each budget element will have a rationale including anticipated quantifiable impact (benefit) for clients and staff. Achievable: Collaborate and negotiate with eleven Passport Agencies to come to agreement on continuous service improvement activities and related budget requests. Relevant: Align the budget submission with the financial needs and priories of OPAN and Passport agencies to support their continuous service improvement objectives. Time-bound: Complete the budget submission process by March 31, 2024.	 Presentation requests have increased, including other sectors (i.e. settlement) serving 568 participants Continuous service improvement activities established including mis use of funds guidelines, best practices work group Draft Passport procedures manual produced Draft common client satisfaction measurement tool developed 	 3% increase in utilization Increase in funds administered of \$50M Absorbed 8% increase in client load with no net new resources while maintaining stable reimbursement processing times Improved and more transparent risk management applied to mis use of funds events
Provide Stewardship for the evolution of individualized account programs. Executive Director		OPAN drafted OPAN Statement to frame Ministry discussions.	

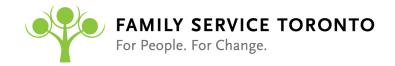

Chief Administrative Officer					
5. Developing a Publi	5. Developing a Public Policy Capability				
Commitments	2024/25 Objectives	What We Did in 24-25 Q4	Results		
Renew our policy, advocacy and community networks. Executive Director Senior Director, Strategy and Innovation	Specific: Develop and enhance FST's public policy capability by renewing networks and strengthening connections to programs. Measurable: The Social Action team will review and adjust the structure and infrastructure of Campaign 2000 to support ongoing engagement of new members and partnerships developed through the national SDGs project by end of FY 2023/24. Achievable: Allocate necessary resources for infrastructure adjustments. Relevant: Aligns with the overarching goal of building public policy capability and emphasizes the inclusion of diverse perspectives, contributing to Equity, Diversity, and Inclusion (EDI) principles. Time-bound: Complete the specified activities and achieve the outlined goals by the end of FY (2023-2024).	Developed and secured resources for a new staffing model. This includes the addition of 1 FTE Social Action Manager; 1 FTE Social Action Researcher; updating the Sr. Admin job description to include additional program duties (communications, relationship management) Organized and in-person strategy session for C2K steering committee plus close partners Community of practice with the two FST research functions – Social Action Research and Research and Evaluation – has begun, which will strengthen horizontality in the public policy and engagement efforts.	Exceeded each of our targets due to added capacity Held 2 very successful report card launch events in 2 different cities, presenting findings from 4 report cards: At FST in Toronto released the Ontario and Toronto report cards; In Ottawa released the National and Nunavut report cards. Using our informal tracking, we counted 134 media interviews/coverages over the course of this fiscal for our work. Network continues to diversify. Nunavut, Newfoundland and Yukon continue to play more active		

			roles at the C2K steering committee level
Develop new calls for action and reform. and Innovation		communication strategy	
Strengthen the connections between our public policy capability and our programs.			
Senior Director, Strategy and Innovation			

Section C: Foundational Strategies

1. People			
Strategy	2024/25 Objectives	What We Did in 24-25 Q4	Results

We will cultivate the skills that allow each of us to be more agile and adaptive. Executive Director Senior Director, People and Culture			
We will support professional development and personal growth. Senior Director, People and Culture	Specific: Facilitate the professional development of Senior Leadership Team (SLT) members to identify and prepare candidates suitable for succession by 2025, fostering a robust leadership pipeline. Measurable: Have succession plans in place for SLT roles by the third quarter. Achievable: Provide targeted training and mentorship to enhance the skills and readiness for SLT members for higher responsibilities, fostering culture of continuous leadership development. Relevant: Align leadership development with organizational goals emphasizing the importance of succession planning to ensure long-term stability and effectiveness. Time-bound: Have a pool of qualified candidates ready for leadership roles by the end of 2025.	New HRIS – ADP (MoneyPenny) implemented in Q4 has tools to track succession plans across the organization. Increases our Wellness Program and collaboration with the CityWide Commons through our first virtual yoga sessions offered in Q4.	Wellness Sessions had an overall 99% satisfaction rate from participants.

We will hold one another accountable for our mission, impact, and actions. Senior Director, People and Culture			
2. Culture			
Strategy	2024/25 Objectives	What We Did in 24-25 Q4	Results
We will reward innovation that responds to the needs of our communities.			
Senior Director, People and Culture			
We will strengthen our ability to collaborate to achieve our shared goals and learn from our shortcomings and failures. Executive Director Senior Director, People and Culture	specific: Implement a comprehensive strategy to enhance internal communication between staff and leadership, active participation and collaboration among staff members focusing on increased use of the enhanced intranet. Measurable: Increase staff engagement scores on communication measures by 15% based on surveys or feedback mechanisms and achieve a 70%		Completed collective agreement negotiations, ratifying a 3-year agreement before current agreement expiry with a 98% approval vote.

We will stand up as a leader in the community sector to better support our	Achievable: Conduct training sessions to enhance communication skills and establish a system for recognizing and appreciating collaborative efforts. Relevant: The goal is aligned with FST's objective of improving overall staff engagement, creating a positive work culture, and reinforcing the importance of collaboration in achieving shared goals. Time-bound: Complete the implementation of the internal communication and collaboration strategy by the end of Q3 2024, with ongoing monitoring of staff engagement metrics to assess the effectiveness of the initiatives. Focus on rebuilding our external communications strategy and capacity.	See above, public policy	
leader in the community sector to better support our	the initiatives. Focus on rebuilding our external	See above, public policy	
partners and beneficiaries. Executive Director Senior Director, Strategy and Innovation			
3. Systems			

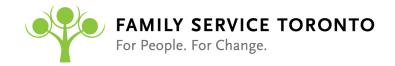

We will invest in our business platforms to create more efficient and intuitive systems. Chief Administrative Officer	enhancement, and facilitate improved decision-making and reporting. Time-bound: Complete the evaluation and selection of the new HRIS/Payroll System and initiate the Windows OS upgrade by the end of FY 2023/24. HRIS and Great Plains (GP) accounting software replacement.	Completed the development of an online intake form that is integrated with the TREAT system.	The integrated intake form enables the Service Access Unit team to share a web link with clients, allowing them to complete an intake questionnaire online. Upon submission, the form automatically creates or updates the corresponding client file in TREAT, significantly reducing manual data entry for staff.
We will implement metrics that allow us to better evaluate our impact and improve our services. Chief Operations Officer	Review/revise performance reporting to the Board to better connect to strategic plan.	Developing a set of PQI built into the new strategic planning process, retained consultant with experience in this area. Broad input into the development of these includes staff at all levels of the organization, external partners and service users from across program areas.	2026 – 2031 will have a clear set of indicators to measures strategic priorities against.

Senior Director, Strategy and Innovation	The Tech and BI team successfully integrated the PassportONE helpdesk email inbox into the SysAid ticketing system. SysAid has been the primary platform for internal IT support for several years; with this integration, all IT-related requests—both internal and external—will now be managed through a centralized system. This integration enables improved tracking of response and resolution times, as well as greater visibility into the type and volume of support requests. These insights will support the development of targeted strategies to improve service efficiency and reduce recurring issues for both FST and Passport Agencies.
--	--

4. Funding

Strategy	2024/25 Objectives	What We Did in 24-25 Q4	Results
We will aggressively pursue opportunities that allow us to diversify and increase our revenues.	Bring forward a plan for the development of the 4 th floor Church Street.		
Executive Director			
We will manage our assets to support and expand our services.	Newcomer Women's Services and Madison moving into Sterling Rd. offices.		

Chief Administration Officer	Specific: Streamline operations to alleviate pressure on anchor agency funding by strategically eliminating positions. Measurable: Achieve a budget reduction of \$150,000. Achievable: Conduct a thorough analysis of staffing needs and identify positions that can be eliminated without compromising essential functions and operational efficiency. Relevant: Align the staff reduction with organizational priories and financial objectives. Time-bound: Implement the FTE reductions by March 31, 2024, to realize immediate positive impacts on the 2024/25 budget and financial sustainability.		
We will introduce new social enterprise models that help to expend our service offering. Executive Director	Business model review to determine how the FST and Hard Feelings models can better align and leverage.	Increases our partnership with City Wide Commons through our offering our consulting services in their collective bargaining process. Services began in Q4 will continue in Q1 25/26	

Chief Administration Officer

March 31, 2025 (Q4) Financial Report

Prepared by: Financial Services

Date: May 5, 2025

Summary

At the end of Q4 F24-25, FST recorded \$21.65M of revenue from all sources compared to a YTD forecast of \$21.66M. This resulted in a variance of \$11K less than forecasted.

Organization-wide expenses at the end of Q4 were \$21.64M with a forecast of \$21.66M. The variance of \$22K is a net result of lower expenses in all categories.

Excess revenue over expenses on March 31, 2025, was \$11K. This amount reflects the unrestricted revenues (rental income, and donations).

Community Programs

At the end of Q4, revenue in Community programs was \$10.54M compared to the YTD forecast of \$10.41M. The variance of \$127K is mainly attributable to more United Way Revenue required for program expenses

Total expenses in Q4 were \$9.92M with the YTD forecast of \$9.795M. The variance of \$128K is mainly a result of higher than anticipated salaries.

PassportONE

Revenue and expenses at the end of Q4 was \$9.81M with the YTD forecast of \$9.76M. The variance of \$48K is mainly due to underspending in most categories offset by more than anticipated salaries and benefits. The Capital asset expenditures actuals were \$288K against the \$500K allocated funding for fiscal 24-25. Interest earned on PassportONE client purchase of service of \$479K is to be returned to MCCSS as per contract requirements.

Corporate Services

Revenue from all sources was \$2.87M, compared to the YTD Forecast of \$3.01M. The variance of \$135K is mainly attributable to United Way funding required for Community programs.

Total expenses were \$2.86M, compared to the YTD budget of \$3.01M. The variance of \$146K comprises underspending mainly of salaries and benefits.

Capital and Learning Fund

The total capital asset additions at the end of Q4 were \$360K. This included Treat software upgrade (\$23K), PassportONE CRM updates (\$125K), 355 Church St. Building accessibility upgrades (\$50K), Laptops (\$99K), Servers (\$41K), and Xerox photocopiers (\$22K).

The YTD interest earned from the Building Reserve Fund was \$25K. The balance of the Reserve fund at the end of Q4 was \$620K. \$50K of the capital reserve was used for the accessibility upgrades.

FST's portion of the venture's surplus for the quarter was \$33K. There were no distribution payments for Q4. FST received \$1K in interest payments in Q4 related to the leasehold improvements loan.
