

CHILDREN'S PROGRAM

DEVELOPMENTAL SERVICES

Case management services for children with developmental disabilities

Children's Program supports children, youth, and their families in accessing the services and resources they need to achieve their goals. Our approach is client- and parent-led, ensuring that the supports we provide are tailored to each family's unique needs and aspirations.

Based in Toronto, we work collaboratively with community organizations, developmental sector agencies, schools, and medical teams to create a holistic, whole-person support network.
